

Bilateral Transactions Programme

Pathfinder Group update

17 November 2020

This document contains two items for review by Pathfinder Group organisations:

1. A table including a final draft view of all the Data Transactions for the Retailer-initiated C1 process (C1.R)
2. A process diagram to illustrate the process and sequence for all the listed transactions.

It is important that as part of the bilateral transactions programme that we understand the implications of key design decisions on Trading Parties and consider any feedback provided.

Please could we ask you to review this document and let us have any feedback or questions by close of business on 24 November 2020. If there is no feedback received, the decision will be made to proceed with the current design.

If you have any questions or comments, please email bilaterals@mosl.co.uk.

Many thanks.

1. List of Data Transactions (C1.R)

Transaction Number	Transaction Name
T201.W	Accept Service Request
T201.M	Notify Service Request Accepted
T202.W	Reject Service Request
T202.M	Notify Service Request Rejected
T203.W	Request for Additional Information
T203.M	Notify Additional Information Requested
T204.R	Provide Additional Information
T204.M	Notify Additional Information Provided
T205.W	Update Site Visit Date
T205.M	Notify Site Visit Date
T206.W	Update Site Visit Failure
T206.M	Notify Site Visit Failure
