

Panel 23 - Headline Report

25 September 2018

This Headline Report provides a record of the decisions made by the Panel.

1. Draft Recommendation Report: CPW042 – Provision of adding Re-read flag into the MDS Meter Reads file

The Panel considered a proposed change to the contents of the Market Dataset (MDS) Meter Reads Report, to aid trading parties in distinguishing issues with reads stated on this report.

The Panel:

- **AGREED** to recommend implementation of CPW042 to the Authority for approval; and
- **AGREED** the recommended implementation date of:
 - 17 May 2019 if Authority approval is received by 31 October 2018; or
 - 8 November 2019 if Authority approval is received by 30 April 2019.

2. Draft Recommendation Report: CPW043 – Drafting Clarifications for CPW028

The Panel considered a change proposal that aimed to provide clarification on certain market code documents following approval of CPW028: Unpaired SPIDs.

The Panel:

- **AGREED** to recommend implementation of CPW043 to the Authority for approval; and
- **AGREED** the recommended implementation date of:
 - 26 October 2018 if Authority approval is received by 24 October 2018; or
 - 3 December 2018, if Authority approval is received by 29 November 2018.

3. Draft Recommendation Report: CPW044 – Aligning the codes with market use of digital certificates

The Panel considered a change proposal to make changes to two Code Subsidiary Documents (CSDs), clarifying how digital certificates and their public keys are handled by trading parties and the Market Operator (MOSL). This change seeks to ensure alignment between the existing solutions provided by the Market Operator and those described in the market codes.

The Panel:

- **AGREED** to recommend implementation of CPW044 to the Authority for approval; and

- **AGREED** the recommended implementation date of:
 - 3 December 2018, if Authority approval is received by 23 November 2018; or
 - 29 March 2019, if Authority approval is received by 22 March 2019.

4. Draft Recommendation Report: CPW045 – Update to the Service Management Interface

The Panel considered a change proposal that provided a series of updates to the Service Management Interface in order to fully reflect the functionality available through this interface and ensure alignment between the existing systems and solutions provided by the Market Operator and those described in the market codes.

The Panel:

- **AGREED** to recommend implementation of CPW045 to the Authority for approval; and
- **AGREED** the recommended implementation date of:
 - 3 December 2018, if Authority approval is received by 23 November 2018; or
 - 29 March 2019, if Authority approval is received by 22 March 2019.

5. Updated Market Performance Committee Terms of Reference

The Panel considered a proposed revision of the Terms of Reference for the Market Performance Committee (MPC).

The Panel:

- **AGREED** the amendments to the MPC's Terms of Reference.

6. Finalised Panel Plan 2018-19

This paper identified the areas of the Panel Plan that had been updated by the Panel Sub-Group following trading party feedback received via a Request for Information.

The Panel:

- **AGREED** the amendments to the Panel Plan as proposed by the Panel Sub-Group; and
- **NOTED** that the finalised Panel Plan will be published on the MOSL website.
