

Market Performance Framework (MPF) Reform Consultation Two: Drop-in session

29 March 2023

Purpose of this session

- We have responded to the valuable feedback received at the webinar on 13 March
 - consultation deadline extended by 3 weeks to Friday 21 April (previously 31 March)
 - Issued a [guidance document](#) on how to respond
 - **Holding this drop-in session to answer questions to help you respond to the consultation**

Housekeeping

- This session is being recorded to help produce a FAQ document – it will not be published
- Please use the raise hand function to ask questions
- When not speaking please ensure you are on mute so those speaking can be heard
- We may revisit rules and purpose from time to time if people drop in and out

Consultation questions and updated guidance

Question 1: *Missing Metrics?*

Are there any metrics for a given activity that have not been shortlisted that should apply? Please explain your answer.

Question 2: *Views on Metrics?*

Do you have any comments on any of the metrics? Please explain your answer (this could be in terms of cost, accountability etc).

Question 3: *Missing Tools? (Optional)*

Are there any intervention tools for a given activity that have not been shortlisted that should apply? Please explain your answer.

Question 4: *Views on Tools?*

Do you have any comments on any of the tools? Please consider the potential impact on trading party behaviour, customer outcomes or any unintended consequences.

Question 5: *Views on Governance (for a flexible MPF)?*

Do you have any comments on the governance proposed? Please consider the governance layers involved in your answer

No need to comment on every single metric or intervention tool in responses.

Focus on the metrics or intervention tools you strongly believe should or should not be in the future MPF.

Key documents:

Candidate Metrics: MPF metrics [consolidated spreadsheet](#) – 117 metrics

Candidate Tools: 4-page summary (p19-22) in [consultation document](#)

Optional reading:

- 40+ [one-page overviews](#) of intervention tools
- [activity-metric-tool matrix](#)
